OTHER HELP

Engineer for the boat "Scripps"
One laboratory helper, a college student
One general helper, who looks after cleaning glassware and such
One mechanical assistant, works mostly outside the laboratory
One janitor. We shall add another after we move into the new building
Two full time gardeners, and usually a third is hired by the day
(Other temporary help is employed for scientific work, clerical work, draughting, photography, and library work in addition to the foregoing.)
(We also employ on part time basis ten collectors and observers.)
