Collias, Eugene E.

Vital Dates: 1925-

Eugene E. Collias, Papers, 1956-1962

Physical Description: 1 manuscript box and 102 color 35mm slides

Description” The accession consists of Eugene E. Collias’ student notes for courses in oceanography at Scripps Institution of Oceanography from 1956-1958. These include notes for courses in oceanography, marine biology, chemistry of sea water, marine geochemistry, physical oceanography, submarine geology and geophysics. The notes include notes of field trips. These courses were taught by Robert Arthur, Edward Goldberg, Martin Johnson, Russell Raitt, Norris Rakestraw, and Francis Shepard.

The accession also includes 102 35mm color slides taken by Collias of the Scripps campus between 1957 and 1962, Scripps classes, and Scripps faculty including Douglas Inman, Martin Johnson, and Carl Hubbs. The slides include several images of Mukluk Expedition in August 1957.
