

Accession No.: 2003-30

PROCESSING RECORD
SCRIPPS INSTITUTION OF OCEANOGRAPHY ARCHIVES

Rehbock, Philip Frederick 1942-2001

Philip Frederick Rehbock Papers, 1760-2001

Physical Description: 89 mss, 3 legal mss

Description: The accession consists of the papers of historian of science Philip Frederick 'Fritz' Rehbock. They include material documenting his research in the history of science, history of oceanography, and history of the Pacific region, including research materials, correspondence, teaching files and records of scientific meetings including those he chaired like the Fifth International Congress of the History of Oceanography in 1993. The accession includes manuscripts of his books and other publications, including *At sea with the scientific: the Challenger letters of Joseph Matkin* and *Darwin's laboratory: Evolutionary theory and natural history in the Pacific*.

American historian of science; Oceanography Pacific Ocean History
